DOUBLE-PITCHED PERGOLA

Our gable pergola is a versatile and visually appealing structure that provides both shade and style to outdoor spaces, allowing people to enjoy a cool, comfortable environment while staying connected to nature. Its double-pitched design adds an elegant, timeless look that complements a wide variety of architectural styles.

METAL DOUBLE-PITCHED PERGOLA

This pergola is a versatile structure, and its gable roof design makes it especially suitable for areas where effective and durable protection from both sun and rain is required.

SINGLE-SLOPE METAL PERGOLA

The single-slope metal pergola is a structure that combines functionality and style, providing shade and rain protection in outdoor spaces while adding a touch of elegance and modern design to the property

ROBUSTA (METAL) : SINGLE-SLOPE PERGOLA

In addition to its functionality, a heavy-duty single-slope pergola also adds a decorative element to the property. Its attractive crossbeam design makes it a perfect fit for any garden and architectural style.

ROBUSTA (TRANSLUCENT CANOPY): SINGLE-SLOPE PERGOLA

The heavy-duty translucent pergola is a strong and versatile structure that combines functionality and style to enhance outdoor spaces. It provides protection from the sun while allowing natural light to pass through, creating a pleasant, warm, and inviting atmosphere.

HOME IMPROVEMENT

These three materials—artificial grass, concrete, and decorative stone—are used in various construction and design applications to create attractive and functional surfaces in a wide range of environments.

OUTDOOR KITCHENS

An outdoor kitchen can be a versatile and enjoyable space for cooking, entertaining, and enjoying the outdoors. It can be customized to suit your needs and preferences, making it a popular addition to patios and garden areas in climates suitable for outdoor living.

KITCHEN TOPPERS

STANDARD

The colors and designs that can be created with mosaics are highly varied and can range from simple patterns to extremely detailed works.

PREMIUM

Granite is known for its durability, strength, and beauty, making it a popular material for kitchen countertops.

DECO ROCK

Our decorative stone helps control erosion and retains soil moisture. It's perfect for decorating gardens, planters, recreational areas, flooring retaining walls, and more. It withstands constant foot traffic, requires no mixing with other materials—simply spread it over the area to be covered.

Its natural structure allows the soil to breathe and absorb water properly making it ideal for creating pathways or defining spaces.

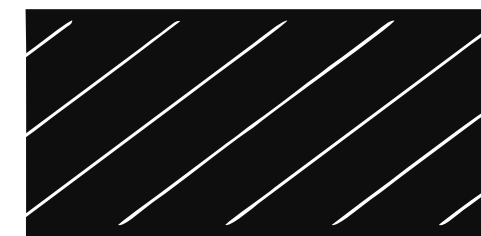

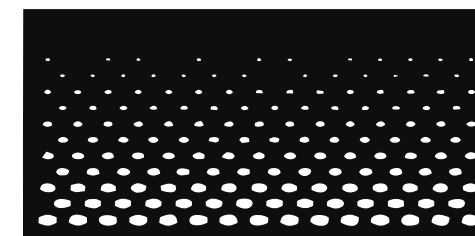

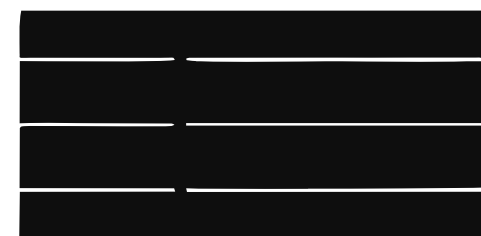

FENCES (METAL & WOOD)

Wood fences are popular for their natural, warm appearance. They come in various styles, such as plank fences, lattice, panels, or even rustic designs. Wood can be painted or stained to customize its look and enhance durability.

Metal fences, such as wrought iron or steel, are strong and long-lasting. They often have an elegant appearance and are commonly used in formal settings or to add a decorative touch to a yard. They can also be combined with other materials, like wood, to create a unique design.

LASER-CUT METAL FENCES

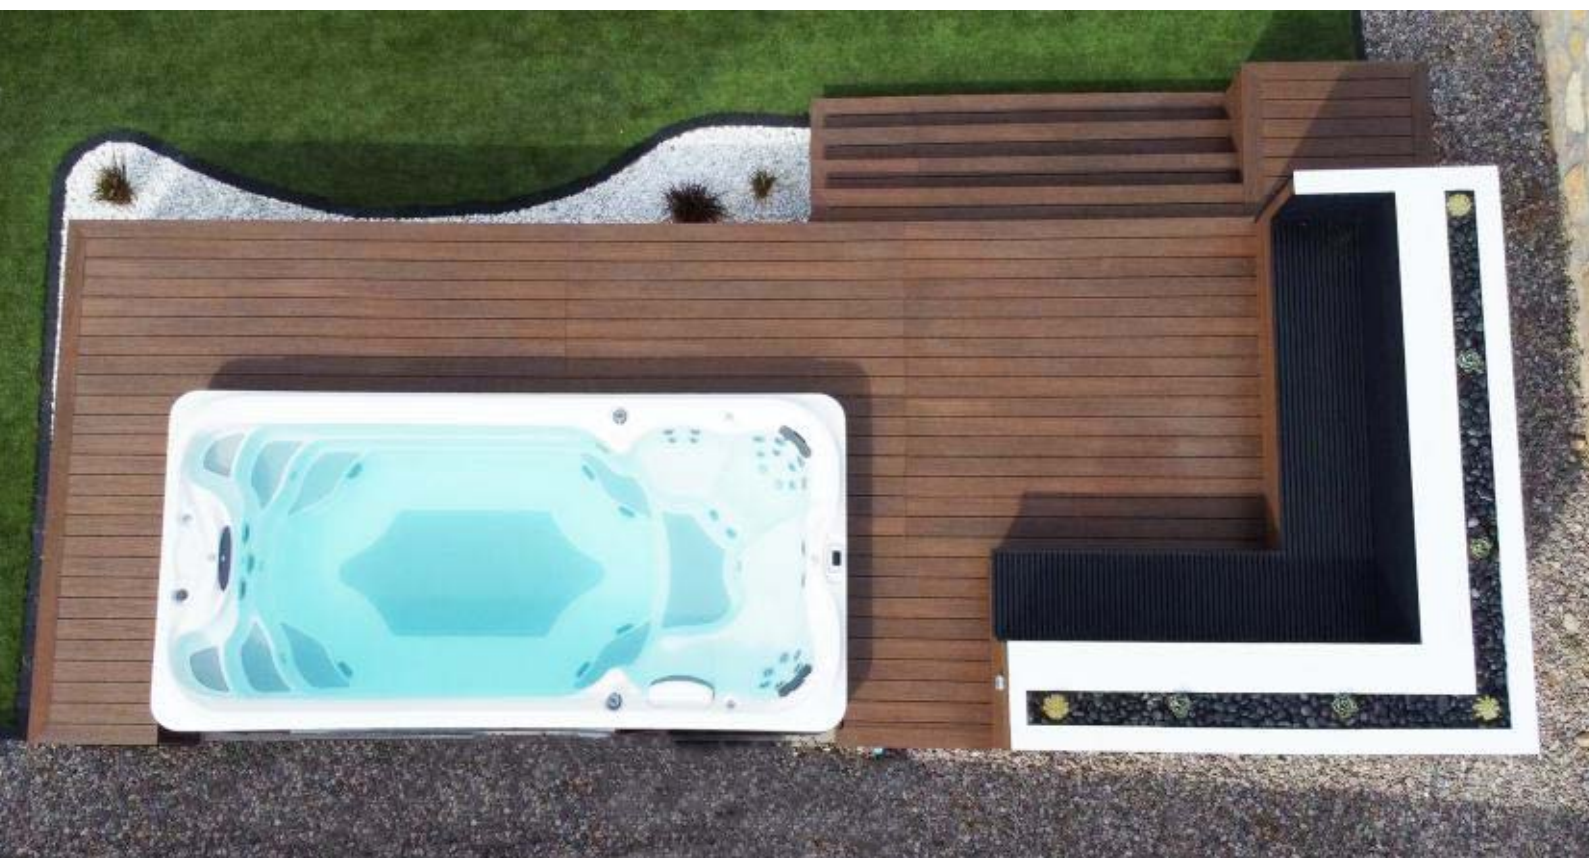

The laser-cut metal fences available at Anson Contractors provide a modern and elegant solution for defining and securing residential or commercial spaces. These fences are made from high-quality steel and feature custom designs created with precision laser-cutting technology.

CUSTOM PROJECTS

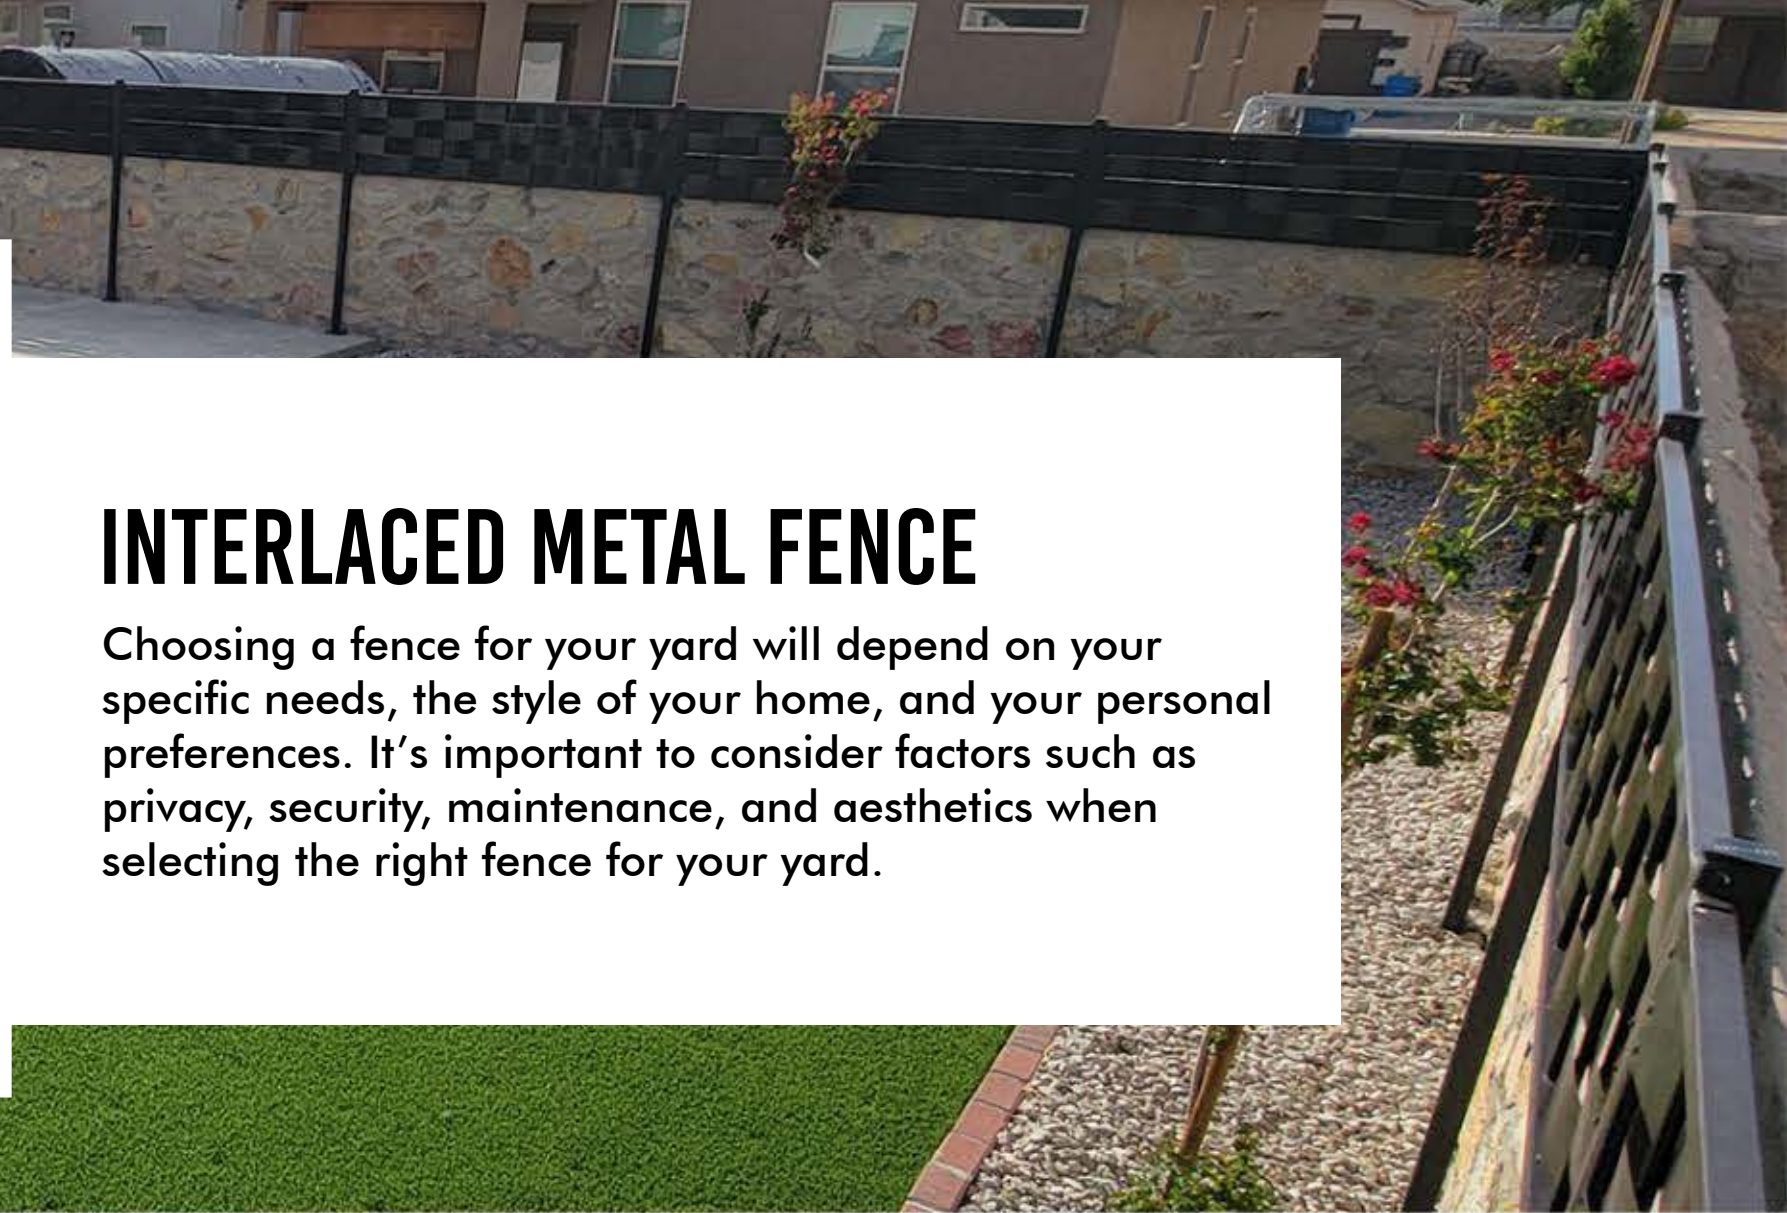

At Anson Contractors, we offer a fully customized project designed specifically for you, tailored to your needs and preferences. We focus on every detail, from material selection to precise execution, ensuring each space reflects your style and functionality. With a commitment to quality, we work closely with you to create a unique project that exceeds your expectations.

INTERLACED METAL FENCE

Choosing a fence for your yard will depend on your specific needs, the style of your home, and your personal preferences. It's important to consider factors such as privacy, security, maintenance, and aesthetics when selecting the right fence for your yard.
